

Edgumbe's new online resource, Edgumbe Health Online, provides high quality, Training Programme Director (TPD) development, co-developed with the Oxford Deanery that is both flexible in delivery and cost effective.

Training Programme Director Development

...can now be delivered as a blended programme. This consists of 3 hours of online work (broken into bite sized modules) followed by a tailored workshop/s. The blended approach allows TPDs to spend more time doing their day-to-day work as they can access the online learning whenever it suits them.

What does it cover?

The online content has been co-developed by the Oxford Deanery and Edgumbe's own subject matter experts, who are consistently praised for the quality of their delivery, their professionalism and their effectiveness.

The online content is easy to access, interactive, engaging and current. It includes essential information, process guides, case studies and 'try it out' activities. The content is compliant with the Gold Guide to Specialty Training (4th Edition) and closely informed by the experience and expertise of the Deanery's Heads of Schools and TPDs.

Online modules include

- Running an ARCP panel
- Deciding outcomes
- Finding solutions

The face-to-face workshops can include input from your own Heads of School and local trainers to make sure that the advanced skills and speciality updates required by your TPDs are thoroughly covered.

The TPD blended learning programme enables you to bring new and less experienced TPDs up to speed in a way which is flexible and accessible. As a Head of School you can be assured that all your TPDs will have the necessary background to fulfil this important role and that they will be working towards similar standards.

CPD certified

The content is certified as quality CPD material by the CPD Certification Service and Doctors can claim 3 external CPD points on completion of the online content which is evidenced in a downloadable certificate. Trusts and Deaneries can be provided with the Doctors' learning record and quiz scores if required

The costs

Online licences	£75 plus VAT per head (with access for one year)
Half Day Face-to-face workshop (if provided by Edgumbe)	£900 plus VAT (for up to 12 delegates)
